The screenshot shows a mobile application interface for an online olympiad. At the top, there is a navigation bar with a menu icon, a user profile icon, and the number '123'. Below the navigation bar, the user's name 'Ishtirokchi: Kurbonov' is displayed. The main section is titled 'Savollar holati' (Question Status) and shows three numbered circles (1, 2, 3). A red button labeled 'Testni yakunlash' (Finish Test) is visible. Below this, a message reads: 'Yakunlash tugmasini bosmagan holda tizimdan chiqib ketish natijalar inobatga olinmasligiga olib keladi!' (Leaving the system without clicking the finish button may result in your results not being taken into account!). The current question is '2-Savol (10-sinflar uchun biologiya fanidan onlayn olimpiada.)' (Question 2 (Online Olympiad for 10th grade biology)). The instruction 'Ushbu onlayn olimpiadaning 2-savoliga javob variantini belgilang.' (Select an answer variant for question 2 of this online olympiad.) is shown. Four answer options are listed: '2-savolning A varianti', '2-savolning B varianti' (highlighted in green), '2-savolning C varianti', and '2-savolning D varianti'. At the bottom, there is a timer showing '00:14:02' and navigation arrows. A social media handle '@olimpdep' is visible in the bottom right corner.
